

**You can make a difference
today!**

There are a variety of ways that can be used to make a gift.

A donation to the NMMC Giving Tree is an opportunity to honor a special person or event of the past or present. Memorialize a loved one or commemorate a special moment by dedicating a leaf on the NMMC Giving Tree. Each leaf will accommodate a personalized inscription.

Bronze Leaf	\$250
Silver Leaf	\$500
Gold Leaf	\$1,000
Amber Leaf	\$2,000

Your tax deductible gift will be used to support patient care initiatives.

Always know that your gifts do make a difference in the lives of our patients! There is no finer or more appropriate gift than one which offers health and hope to others. A gift to the NMMC Foundation is a gift to our community. We invite you to partner with us in giving the gift of life to our patients!

See enclosed mailer for additional options. You may also visit our website at www.nmmc.org or call Claire Moss @ 207-834-1411.

Operating Room Renovation Project

The largest renovation project in NMMC's history, best practices and patient-centered care are at the forefront of the Operating Room Renovation Planning Committee's priorities. The renovation will:

- ◆ Consolidate endoscopy and surgery to one surgical suite
- ◆ Upgrade endoscopy and the operating rooms to the latest architectural requirements
- ◆ Provide advanced storage systems to manage surgical supply inventory efficiently and cost effectively.
- ◆ Create a visible surgical reception area immediately adjacent to the surgical suite for welcoming patients.
- ◆ Include a space for a Family Room and Consultation Room
- ◆ Create a connection between the nurses' station and reception area for improved communication with family members.

*Care you count on.
People you trust.*

All of our surgeons are Board Certified in their area of specialty. Services include all surgical office procedures, major laparoscopic and open abdominal procedures, endoscopic procedures, trauma, cesarean sections, sentinel node biopsies as well as breast, colorectal, endocrine and gastrointestinal procedures.

Our full orthopedic service offers the management of fractures, sports medicine and total joint replacement surgery.

Our skilled and dedicated surgical team pledges to create a culture of zero harm for our patients. Our relentless allegiance to provide excellent quality care is a way of life.
