

People to Watch

Dean Lavoie has successfully completed the requirements to obtain a High Pressure Boiler Operating Engineer license. **Congratulations, Dean!**

Welcome New Public Members

Earlier this year, in an effort to further increase transparency, NMMC expanded its Performance Improvement Committee to include two members of the public. Becky Caron and Carl Theriault have both accepted the invitation to become active participants in the evaluation of the healthcare services that are provided by NMMC.

SAVE THE DATE!

Tour de la Vallee August 19, 2018

Bike, Run or Walk! Bring the family!

It can also assist you in avoiding late fees and taking advantage of available discounts for early payment. It's faster and easier! **Call us today** at 207-834-1817 for assistance to set up your secure and confidential account.

News

NMMC Pharmacy in Madawaska

The purchase of the Madawaska Pharmacy by NMMC will support improved integration of the inpatient hospital experience with the outpatient services. Beyond simply providing a prescription service, NMMC plans to provide the community with a boutique style service, offering professional education to support wellness and disease prevention. These services will be instituted once the renovations to the building have been completed.

Advance Directives

July 24, 2018 3 –6 pm

Walk in any time
FREE Public Session
No registration
FMI call 207-834-1686

What is an Advance Directive?

It's a legal document which allows you to specify your preferences for medical care in a situation where you are unable to communicate and make decisions for yourself.

Knowledgeable individuals will be on hand to provide one-on-one assistance for completing necessary forms for Advance Directives. If you wish the document notarized, please bring a photo ID.

Guidance in signing up for a confidential Portal account will also be available.
